## CLIENTS

60

clients among which university hospitals and medical centers in US, EU.

Recently passed the **1 million patient scans mark**.

## PARTNERSHIPS

## BUSINESS MODEL

Annual subscription per algorithm depending on institution size.  
Sells independently and through OEMs.

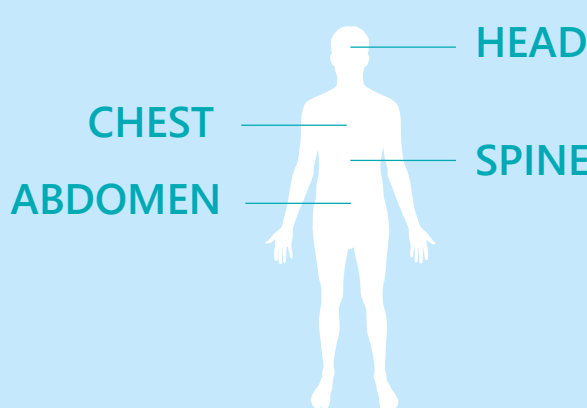

## BRIEF HISTORY

- Aidoc's core team is comprised of elite **Talpiot program alumni**.
- Aidoc's CEO, Elad Walach, was the head of algorithmic research in the **IAF's algorithmic division**.
- The management team also includes both an **MD/PhD Neuroradiologist** at Yale University as well as the **Chairman of Imaging** at Assuta Ashdod Medical Center.
- The founders have been named in **Forbes Israel 30 under 30**, and recently the company was named as one of TIME magazine's **Top 50 "Genius" companies of 2018**.

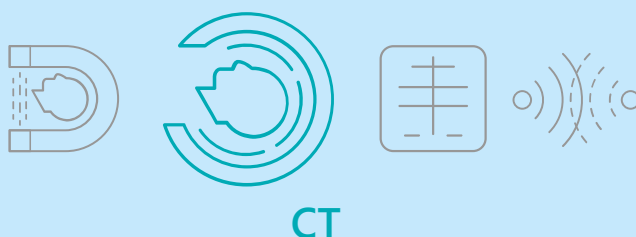

## AREA OF EXPERTISE/ CURRENT SOLUTIONS:

Currently CE marked solutions for flagging intracranial hemorrhage and c-spine fractures, flagging and prioritizing pulmonary embolisms.  
FDA cleared solutions for intracranial hemorrhage.

## MODALITIES COVERED

## STEP OF THE RADIOLOGIST JOURNEY

Pulling images from PACS, analyzing and flagging anomalies.  
Compatible with any PACS system.

## VISION FOR THE FUTURE

### Product Development Roadmap:

MRI and X-ray solutions this coming year.

### How do you see the future of the AI ecosystem?

*AI in medical imaging is moving beyond the 'hype' and into reality. AI will quickly become a standard of care with comprehensive and workflow integrated solutions.*

### What is your role in it?

*The leaders, the only ones with so many commercially sold products.*
